ELECTRONIC CIRCULATION OF CANDIDATE PETITIONS

**ALL candidate petitions CAN be circulated electronically.**

Candidates can request electronic versions of their petitions. They can then share the electronic version of the petition with qualified petition circulators to gather signatures from voters. (Qualified petition circulators are persons at least 18 years of age who are either District residents or residents of other jurisdiction who have registered to circulate petitions with the Board.)

When the qualified petition circulators have finished gathering signatures, they can submit the signatures to the candidates electronically or in paper form.

Candidates must submit hard copies of completed petition sheets to the Board.

Qualified petition circulators who are also registered voters may also sign the petition sheets they are circulating, provided they are eligible to sign the petition.

Candidates still have the option of circulating paper versions of their petitions.

If you have questions or need additional information, please contact the Board’s Voter Services Division at (202) 727-2525 or by email at candidate@dcboe.org.
